

*Amendments to the Specification*

Please insert the following after paragraph [0013]:

--**FIG. 3** shows additional detail of a single coil.--

Please replace paragraph [0026] with the following:

[0026] As an alternative, it is possible to have the strips 111 as small tubes, through which cooling fluid flows. (See FIG. 3) In either case, the direction of the heat transfer is generally transverse to the direction of the racetrack winding.
